Training

Data Structures and Algorithms

May 2024 - July 2024

Coding Spoon

- Completed intensive summer training on Data Structures and Algorithms at Coding Spoon.
- Gained proficiency in implementing complex algorithms and optimizing code for efficiency.
- Enhanced problem-solving skills by tackling competitive programming challenges.
- Designed and developed a Hotel Management System using C++ for efficient room booking and billing.

Projects

Gold's Gym: A Fitness Website

August 2024 – November 2024

- **Project Overview:** Designed and developed a comprehensive fitness website, Gold's Gym, to help users explore exercises and workout plans tailored to their needs.
- **Technology Stack:** Built using React.js for the frontend, with Material-UI (MUI) for styling and RapidAPI for fetching exercise and YouTube video data.
- Interactive interface for discovering exercises based on body parts, equipment, and fitness goals.
- Detailed exercise pages with descriptions, targeted muscles, and related YouTube videos.
- Search and filter options for personalized workout planning. [LINK](#)

Filmpire: A Movie Streaming Platform :

February 2025 – March 2025

- **Project Overview:** Developed a feature-rich movie streaming platform named Filmpire, offering users a seamless experience to browse, search, and explore movies and TV shows.
- **Technology Stack:** Built using React.js and Material-UI (MUI) for the frontend, with TMDb API integration for real-time data fetching and updates
- User-friendly interface with responsive design ensuring compatibility across devices.
- Advanced search and filter capabilities for a personalized user experience.
- Detailed pages for movies and TV shows, including descriptions, ratings, and genres.
- Interactive design leveraging Material-UI for intuitive navigation and aesthetics. [LINK](#)

Certificates

- | | |
|--|------------------------------|
| • Attended 24 hr Web-a-thon (by Airev, OnDemand) | September 2024 |
| • Cloud Computing Certification – NPTEL, IIT Roorkee | August 2024 – November 2024 |
| • Data Structures and Algorithms by (Coding Spoon) | May 2024 - July 2024 |
| • Building Web Applications in PHP (by Coursera) | August 2024 – November 2024 |
| • Prompt Engineering for Chat-GPT (by Coursera) | January 2024 – February 2024 |

Technical Skills

Languages C++, Java, JavaScript, C.

Technologies/Frameworks: HTML, CSS, React JS, Node JS, Express JS, Git, GitHub.

Skills: Data Structures and Algorithms, Problem-Solving, Responsive Web Design and JavaScript.

Education

Lovely Professional University Punjab.

Computer Science and Engineering – CGPA: 7.7

2022 – present
Phagwara, Punjab

Shree Jee Public School

Intermediate – Percentage: 92%

2018 – 2019
Rajasthan, India

Shree Jee Public School

Matriculation –percentage: 96%

2020 – 2021
Rajasthan, India
