SKILLS

- **Languages**:   C++, Java, JavaScript, PHP
- **Database**:   MySQL, MongoDB
- **Frontend & Backend:**   HTML, CSS, Bootstrap, React.Js, Laravel, Node.js, Express.js
- **Tools/Platforms**:   MySQL, MongoDB, Git, Github, Postman
- **Soft Skills**:   Team Player, Adaptability, Problem Solving skills

PROJECTS

Filmpire: A Movie Streaming Platform :   February 2025 – March 2025

- **Project Overview**: Developed a feature-rich movie streaming platform named Filmpire, offering users a seamless experience to browse, search, and explore movies and TV shows.
- **Technology Stack**: Built using React.js and Material-UI (MUI) for the frontend, with TMDb API integration for real-time data fetching and updates
- User-friendly interface with responsive design ensuring compatibility across devices.
- Advanced search and filter capabilities for a personalized user experience.
- Detailed pages for movies and TV shows, including descriptions, ratings, and genres.
- Interactive design leveraging Material-UI for intuitive navigation and aesthetics.

Gold's Gym: A Fitness Website   August 2024 – November 2024

- **Project Overview**: Designed and developed a comprehensive fitness website, Gold's Gym, to help users explore exercises and workout plans tailored to their needs.
- **Technology Stack**: Built using React.js for the frontend, with Material-UI (MUI) for styling and RapidAPI for fetching exercise and YouTube video data.
- Interactive interface for discovering exercises based on body parts, equipment, and fitness goals.
- Detailed exercise pages with descriptions, targeted muscles, and related YouTube videos.
- Search and filter options for personalized workout planning.

CERTIFICATES

- Attended 24 hr Web-a-thon (by Airev, OnDemand)   September 2024
- Cloud Computing Certification – NPTEL, IIT Roorkee   August 2024 – November 2024
- Data Structures and Algorithms by (Coding Spoon)   May 2024 - July 2024
- Building Web Applications in PHP (by Coursera)   August 2024 – November 2024
- Prompt Engineering for Chat-GPT (by Coursera)   January 2024 – February 2024

ACHIEVEMENTS

- More than 200 problems solved on Leetcode.   May 2024 – Present
- GDG (2025) Solution Challenge   January 2025
- More than 60 problems solved on Geeksforgeeks.   May 2024 - Present

EXTRACURRICULARS

- Trained AI models in subjects like math, programming and English on outlier.ai platform   November 2024
- Organized education, healthcare and sanitation programs with an NGO.   July 2023

EDUCATION

Lovely Professional University   Punjab, India
- Bachelor of Technology - Computer Science and Engineering: **CGPA: 7.69**   September 2022 - present

Shree Jee Public School   Rajasthan,India
- Intermediate: **Percentage: 92%**   April 2018 - March 2019

Shree Jee Public School   Rajasthan,India
- Matriculation: **Percentage: 96%**   April 2020 - March 2021
